A BILL

To require Federal land managers to support, and to communicate, coordinate, and cooperate with, designated gateway communities, to improve the ability of gateway communities to participate in Federal land management planning conducted by the Forest Service and agencies of the Department of the Interior, and to respond to the impacts of the public use of the Federal lands administered by these agencies, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
 2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 *This Act may be cited as the “Gateway Communities*
 5 *Cooperation Act”.*

6 **SEC. 2. IMPROVED RELATIONSHIP BETWEEN FEDERAL**
 7 **LAND MANAGERS AND GATEWAY COMMU-**
 8 **NITIES TO SUPPORT COMPATIBLE LAND MAN-**
 9 **AGEMENT OF BOTH FEDERAL AND ADJACENT**
 10 **LANDS.**

11 *(a) FINDINGS.—Congress finds the following:*

12 *(1) Many communities that abut or are near*
 13 *Federal lands, including units of the National Park*

1 *System, units of the National Wildlife Refuge System,*
2 *units of the National Forest System, and lands ad-*
3 *ministered by the Bureau of Land Management, are*
4 *vitally impacted by the management and public use*
5 *of these Federal lands.*

6 (2) *Some of these communities, commonly known*
7 *as gateway communities, fulfill an integral part in*
8 *the mission of the Federal lands by providing nec-*
9 *essary services, such as schools, roads, search and res-*
10 *cue, emergency service, medical support, logistical*
11 *support, living quarters, and drinking water and san-*
12 *itary systems for visitors to the Federal lands and*
13 *employees of Federal land management agencies.*

14 (3) *Provision of these vital services by gateway*
15 *communities is an essential ingredient for a meaning-*
16 *ful and enjoyable experience by visitors to the Federal*
17 *lands because Federal land management agencies are*
18 *unable to provide, or are prevented from providing,*
19 *these services.*

20 (4) *Many gateway communities serve as an*
21 *entry point for persons who visit the Federal lands*
22 *and are ideal for establishment of visitor services, in-*
23 *cluding lodging, food service, fuel, auto repairs, emer-*
24 *gency services, and visitor information.*

1 (5) *Development in some gateway communities*
2 *may impact the management and protection of these*
3 *Federal lands.*

4 (6) *The planning and management decisions of*
5 *Federal land managers can have unintended con-*
6 *sequences for gateway communities and the Federal*
7 *lands when the decisions are not adequately commu-*
8 *nicated to, or coordinated with, the elected officials*
9 *and residents of gateway communities.*

10 (7) *Experts in land management planning are*
11 *available to Federal land managers, but persons with*
12 *technical planning skills are often not readily avail-*
13 *able to gateway communities, particularly small gate-*
14 *way communities.*

15 (8) *Gateway communities are often affected by*
16 *the policies and actions of several Federal land man-*
17 *agement agencies and the communities and the agen-*
18 *cies would benefit from greater interagency coordina-*
19 *tion of those policies and actions.*

20 (9) *Persuading gateway communities to make*
21 *decisions and undertake actions in their communities*
22 *that would also be in the best interest of the Federal*
23 *lands is most likely to occur when such decision-*
24 *making and actions are built upon a foundation of*
25 *cooperation and coordination.*

1 (b) *PURPOSE.*—*The purpose of this section is to re-*
2 *quire Federal land managers to communicate, coordinate,*
3 *and cooperate with gateway communities in order to—*

4 (1) *improve the relationships among Federal*
5 *land managers, elected officials, and residents of gate-*
6 *way communities;*

7 (2) *enhance the facilities and services in gateway*
8 *communities available to visitors to Federal lands*
9 *when compatible with the management of these lands,*
10 *including the availability of historical and cultural*
11 *resources; and*

12 (3) *result in better local land use planning in*
13 *gateway communities and decisions by the relevant*
14 *Secretary.*
